# NVPW spring symposium

Friday, June 9<sup>th</sup> 2017

Hotel de Nieuwe Wereld, Marijkeweg 5, 6709 PE, Wageningen

- 09:30     **Registration and coffee / tea**
- 09:55     **Opening**
- 10:00     **Mrs. Hasan Nudin Nur Fatihah, MSc. – Wageningen UR – Laboratory of Plant Breeding** Control of anthocyanin biosynthesis by anthocyanin-regulating MYB and bHLH transcription factors in *N. bethamiana* and *Lilium* sp. flowers
- 10:35     **Mr. prof. dr. Remko Offringa – Institute of Biology – Universiteit Leiden**  
Molecular engineering of plant development using Agrobacterium-mediated protein translocation
- 11:10     **“Elevator pitch” by exhibitors**
- 11:15     **Coffee / tea break**
- 11:30     **Ms. dr. Iris Heidmann – Acepo**  
A new tool in pollen analysis
- 12:05     **Mr. dr. ir. Sjaak van Heusden – Solynta**  
From seed potatoes to potato seeds, the hybrids are coming!
- 12:40     **Lunch**
- 13:00     **General assembly of members (algemene ledenvergadering) (till 1.30 p.m.)**
- 13:40     **Ms. dr. ir. Guusje A.B. Bonnema - Wageningen UR – Laboratory of Plant Breeding** Morphotype Diversity and Convergent Crop Domestication in *Brassica rapa* and *Brassica oleracea*
- 14:15     **Mr. dr. Frank Hoerberichts – Nsure B.V.**  
Listen to the genes: gene activity measurements as a tool in agriculture
- 14:50     **Coffee / tea break**
- 15:05     **Ms. Nurashikin Kemat, MSc. – Wageningen UR – Laboratory of Plant Breeding**  
Physiological and anatomical factors determining the water balance and hyperhydricity in Arabidopsis seedlings
- 15:40     **Mr. dr. ir. Renze Heidstra – Wageningen UR – Laboratory of Plant Developmental Biology** The PLETHORA gene regulatory network guides growth and cell differentiation in Arabidopsis roots
- 16:15     **Convivial closing drink**

The costs for attending the symposium are € 20, to be paid in cash. This includes the lunch, coffee/tea and closing drinks. The printed day programme and abstracts will be handed out at the symposium.
